## Equipment Rebates

Rebates from CenterPoint Energy can help you save money on new energy-efficient equipment like furnaces, gas boilers, and more. We are here to help you choose the right equipment that both meets your needs and saves energy and money. You'll find easy, low- or no-cost and long-term solutions and rebates that are available in the current programs.

**Programs run January 1, 2024 to December 31, 2024.**

CenterPoint Energy reserves the right to alter or discontinue the rebate offers at any time without notice.

## Points of Contact

### Residential Programs

Programs are subject to change based on regulatory approval.

For assistance completing a Residential rebate application, email [OhioRebates@CenterPointEnergy.com](mailto:OhioRebates@CenterPointEnergy.com) or call [866-240-8476](tel:866-240-8476) to reach an Energy Efficiency Advisor between 6 a.m. and 4:30 p.m. CST Monday-Friday.

## Residential Programs

### Heating System Rebates

Heating costs make up the majority of your energy costs, which makes replacing your old or inefficient furnace or boiler one of the most impactful steps you can take to save energy usage. There are a variety of eligibility guidelines specific to each rebate, so be sure to check the website for details.

Before purchasing, visit [CenterPointEnergy.com/SmartSavings](https://www.CenterPointEnergy.com/SmartSavings) or call 866-240-8476 for the rebate application and complete details on energy-efficient equipment and service requirements. Rebate amounts are effective for equipment purchased and installed between January 1, 2024 and December 31, 2024. Rebate applications must be postmarked within 60 days of equipment installation.

#### Natural gas heating systems

| Equipment Type              | Rebate |
|-----------------------------|--------|
| <b>Natural gas furnaces</b> |        |
| 95-96.99% AFUE              | \$150  |
| 97% AFUE or higher          | \$400  |
| <b>Natural gas boilers</b>  |        |
| 95% AFUE or higher          | \$500  |

Note: Input capacity must be less than 300 MBTUH.  
AFUE = Annual Fuel Utilization Efficiency

#### Important Information

**Program Dates:**  
**Jan 1 - Dec 31, 2024**

- Programs are subject to change based on regulatory approval.
- Completed applications must be postmarked and submitted within 60 days of equipment installation, and include all required information, invoices and certificates for existing homes and 60 days for new construction after final building inspection and approval.
- New equipment must be purchased and installed between January 1, 2024 and December 31, 2024. Refurbished equipment will not be accepted.
- Allow up to six weeks to receive your rebate payment after final approval of application.

Note: See detailed qualifications rules and requirements on the rebate application by visiting [CenterPointEnergy.com/SmartSavings](https://www.CenterPointEnergy.com/SmartSavings).

## Weatherization Rebates

Heating and cooling costs make up the majority of your energy bill, and new insulation or air sealing can go a long way toward lower energy bills and improve the overall comfort of your home.

### Achieve lower energy bills and a more comfortable home.

Note: Customers must choose a program-approved contractor to qualify for these rebate(s). Customer will then receive an instant rebate directly from the contractor on their invoice. Insulation and air sealing improvements are not eligible for rebates when installed in new construction. Program-approved contractors can be found on the website at [CenterPointEnergy.com/SmartSavings](http://CenterPointEnergy.com/SmartSavings) by clicking on Insulation & Home Sealing Rebates, and then contractors.

Homes that use a natural gas furnace in conjunction with an electric heat pump, known as a dual-fuel system, do not qualify for this rebate. All materials and work must be in compliance with local codes and performed per program standards. Please review all program requirements (PDF) before purchasing equipment.

#### Insulation

| Equipment Type | Rebate |
|----------------|--------|
|----------------|--------|

#### Attic insulation

|                  |             |
|------------------|-------------|
| Attic Insulation | up to \$600 |
|------------------|-------------|

#### Wall insulation

|                 |             |
|-----------------|-------------|
| Wall insulation | up to \$700 |
|-----------------|-------------|

#### Air Sealing

| Equipment Type | Rebate |
|----------------|--------|
|----------------|--------|

|             |             |
|-------------|-------------|
| Air Sealing | up to \$250 |
|-------------|-------------|

Note: Rebates apply to homes with natural gas.

To qualify for an insulation rebate the customer must complete/pay for air sealing. Customers receive an instant air sealing rebate of \$40 per hour from the program-approved contractor on their invoice.

#### Hot Water Heaters

| Equipment Type | Rebate |
|----------------|--------|
|----------------|--------|

|   |       |
|---|-------|
| Natural Gas Tankless Water Heater<br>.90 EF or Higher | \$250 |
| Natural Gas Storage Water Heater<br>.67 EF or Higher  | \$100 |

#### Thermostat Rebates

Your thermostat is the gateway to considerable savings. Earn rebates toward a variety of qualifying Wi-Fi enabled thermostats to make it easy to manage your home's temperature and energy use.

| Equipment Type                                       | Rebate |
|--|--------|
| Smart Thermostat<br>(Must be ENERGY STAR® certified) | \$50   |
| Wi-Fi Enabled Thermostat                             | \$30   |

Note: Must be Wi-Fi capable, without additional equipment, and connected to the internet for programming and adjusting remotely. Limit of two thermostats per home (includes both "Wi-Fi" and "Smart"). Available for existing homes only; new construction homes are not eligible. See [CenterPointEnergy.com/SmartSavings](http://CenterPointEnergy.com/SmartSavings) for more details.

## Home Weatherization Program

### Home Energy Audit for Income Qualified Customers

Evaluating your home energy usage and making changes can help lower your energy bills.

CenterPoint Energy has partnered with Miami Valley Community Action Partnership (MVCAP) to weatherize homes in the greater Dayton area through a program called CenterPoint Energy Home Weatherization Program.

The MVCAP program technician (Technician) will perform an energy audit and look for things that can be improved to make your home more energy efficient. While there the Technician may implement the energy-saving products to your home at no cost.

Here are some examples of what a technician may do:

- Conduct blower-door test
- Air sealing
- Analyze your home energy use by assessing the heating, ventilation, and air conditioning (HVAC) system for operating efficiency
- Upgrade insulation
- Install new furnace
- Install new natural gas water heater

### Qualifying for the Home Weatherization Program

- Be a CenterPoint Energy Ohio customer
- Meet income requirements (see chart at bottom)
- Be available for in-home inspection and installation appointments

### 2024 CenterPoint Energy Ohio Home Weatherization Income Qualifications

| # in Household | 300% Federal Poverty Guideline |
|----------------|--------------------------------|
| 1              | \$45,180                       |
| 2              | \$61,320                       |
| 3              | \$77,460                       |
| 4              | \$93,600                       |
| 5              | \$109,740                      |
| 6              | \$125,880                      |

### Call & Schedule

Call **1-800-617-2673** to see if you qualify. If you're eligible, we'll work with you to schedule an in-home energy audit.

For more information and to sign up visit <https://miamivalleycap.org/weatherization/centerpoint/>

## Residential Rebate Application Process

1. Determine home eligibility.
2. Complete application and attach invoices.
3. Submit paperwork.
  - a. Submit application along with required documentation within 60 calendar days of equipment installation in one of the following ways:
    - i. **Online:** [CenterPointEnergy.com/SmartSavings](https://centerpointenergy.com/SmartSavings)
    - ii. **Email:** [OhioRebates@CenterPointEnergy.com](mailto:OhioRebates@CenterPointEnergy.com) (Please include all invoices as email attachments.)
    - iii. **Mail:** CenterPoint Energy, ATTN: Rebates, 16350 Felton Rd, Lansing, MI 48906
    - iv. Allow up to six (6) weeks to receive your rebate. Incomplete rebate applications will cause a delay in processing. You may check status online: [centerpointenergy.com/OHrebates](https://centerpointenergy.com/OHrebates)

Programs are subject to change based on regulatory approval.
