

## **Annual CCR Fugitive Dust Control Report**

F.B. Culley Generating Station – West Ash Pond

June 11, 2021

### **40 CFR §257.80(c) Annual Fugitive Dust Control Report**

*The owner or operator of a CCR unit must prepare an annual CCR fugitive dust control report that includes a description of the actions taken by the owner or operator to control CCR fugitive dust, a record of all citizen complaints, and a summary of any corrective measures taken.*

The F.B. Culley Generating Station has not received any citizen complaints regarding CCR fugitive dust related to the West Ash Pond since the prior Fugitive Dust Control Report was prepared on June 11, 2020.

Potential dust on roadways around the ash pond and temporary access roads within the footprint of the ash pond has been managed with the use of water trucks.

The closure work for the West Ash Pond was completed in December 2020.
