

RECEIVE A FREE ENERGY EFFICIENCY KIT

Visit the **Online Energy Audit** at www.vectren.com; complete the **Find Ways to Save** questions and you will receive a **FREE energy efficiency kit!**

Take the **Home Energy Audit** and tell us about your appliances, weatherization, etc. by answering some brief questions within the **Find Ways to Save** section. In return you will get specific ways to save money and energy tailored to your home. You'll also receive a free energy efficiency kit that contains measures that once installed will help decrease your natural gas usage.

Follow these easy steps to conduct the Home Energy Audit:

- Visit **www.vectren.com** and access your online account using your Vectren.com login information.
 - * *If you do not have a registered account you will need to create one. Registration is easy; all you need is an email address, create a password and your Vectren Energy Delivery account number.*
- Once on your **Manage My Account** page, choose **Home Energy Audit**.
- Click on the **Find Ways to Save** tab and tell us more by selecting one of the topics such as Weatherization, Heating, etc.
 - * *A **Home Profile** must be completed to access Find Ways to Save.*
- There is no need to email or call to confirm your entry; all transactions are monitored and automatically recorded at the time of online audit completion.
- **Your FREE energy efficiency kit will be mailed within 4-6 weeks of audit completion.** There is a limit of one energy efficiency kit per household.
- Offer is applicable only to accounts with an active Vectren Energy Delivery natural gas service and is limited to the first 3,000 customers.
