

## VECTREN ENERGY DELIVERY OF OHIO NOTICE OF NEW ENERGY EFFICIENCY FUNDING RIDER

On January 7, 2009, the Public Utilities Commission of Ohio (PUCO) approved an agreement among Vectren Energy Delivery of Ohio, Inc. (VEDO) and other parties, including Ohio Partners for Affordable Energy (OPAE), and the Office of the Ohio Consumers' Counsel (OCC), for the establishment of an Energy Efficiency Funding Rider (EEFR) to be utilized to continue funding for VEDO's low-income weatherization program for customers whose income is between 200% and 300% of poverty level.

On August 26, 2009, the PUCO authorized an initial EEFR rider rate of \$0.00320 per Ccf of gas usage.

This EEFR rider rate will be applied to the bills of customers receiving residential and general sales service and residential and general transportation service from VEDO and will be effective for service rendered beginning January 1, 2010.
