

WIN a free Home Energy Efficiency Makeover!

Conduct an **online Energy Audit** at Vectren.com now through March 1, 2008, and you will automatically be entered to win a home energy efficiency makeover. Through Vectren's online Energy Audit, you can find out how much energy your home uses, how to reduce your energy consumption and, more importantly, how to **SAVE MONEY** year-round on energy bills. One winner will be selected in early March from Indiana residential gas customers who have completed an online audit. Depending on the winner's home needs, the makeover may include up to \$8,000 in home improvements and upgrades all designed to help lower energy bills. Measures installed/performed could include the following high-efficiency appliances and weatherization services:

- Natural gas furnace
- Natural gas water heater
- Programmable thermostat
- ENERGY STAR® clothes washer
- Compact fluorescent light bulbs
- Caulk and/or weather stripping
- Insulation
- Natural gas clothes dryer
