New programs for electric customers from Vectren and Energizing Indiana

Announcing a new, comprehensive energy efficiency initiative for Vectren electric customers called Energizing Indiana, which will deliver consumer and business energy savings and job creation. In partnership with Vectren and other Indiana utilities, Energizing Indiana offers programs for homeowners, commercial and industrial businesses, and schools. The combined effect of the programs will benefit the entire State of Indiana today and into the future. Visit EnergizingIndiana.com or call **888-446-7750** today.

OFFERING THESE ENERGY-SAVING PROGRAMS:

FOR HOMEOWNERS **Residential Home Energy Assessments**

Improve the comfort and efficiency of your home. Energy Advisors will guide you step by step through the process to produce long-term, cost-effective energy savings by analyzing your energy use, recommending appropriate weatherization measures and facilitating the direct installation of specific low-cost energy-saving measures.

FOR HOMEOWNERS **Discounts On Energy Efficient Lighting**

Energizing Indiana works with local retailers to provide instant discounts on many of the most commonly used residential lighting products. On your next shopping trip, look for Energizing Indiana displays featuring ENERGY STAR® lighting products such as compact fluorescent light (CFL) bulbs, lighting fixtures and lighting controls.

FOR HOMEOWNERS **Income Qualified Weatherization Assessments**

Available to qualified homeowners*, a complete Weatherization Assessment uses a smart, scientific approach to determine the areas of your home that can be improved so that energy is used more efficiently and effectively, making your home more comfortable and saving money on energy. Equipped with state-of-the-art tools and a vast knowledge of energy-saving techniques, an Energizing Indiana Energy Advisor will come to your home and perform a complete assessment, pinpointing places where it's losing the most energy. The Energy Advisor will also install multiple energy-saving measures during the evaluation.

**Residents must meet program participation requirements. Visit EnergizingIndiana.com or call 888-446-7750 for details.*

FOR BUSINESSES **Commercial & Industrial Rebates**

Energizing Indiana's Commercial and Industrial (C&I) Rebate Program is specifically designed to help facility managers and building owners achieve long-term, cost-effective energy savings. A prescriptive rebate structure provides your business or organization with rebates based on the installation of energy efficiency equipment and system improvements. Upgrades can include lighting, Variable Frequency Drives (VFDs), HVAC and efficient ENERGY STAR® commercial kitchen appliances.

FOR SCHOOLS **Education Programs**

Through the Education Program, Energizing Indiana and Vectren connect with students in 5th and 6th grade to help them learn about energy efficiency and how they can make an impact at their school and home. Fifth and sixth grade students at participating schools receive classroom curriculum education and Energizing Indiana take-home efficiency kits filled with energy saving devices designed to open students' and their parents' eyes to the energy-saving potential of simple, easy-to-implement conservation practices.

FOR SCHOOLS **School Building Assessment Program**

The School Building Assessment Program helps administrators and building managers discover energy savings in their classrooms and schools. Energizing Indiana Energy Advisors conduct thorough building energy efficiency assessments, providing detailed reports to school officials on the benefits of energy efficiency and the savings associated with operational improvements.
