

who we are

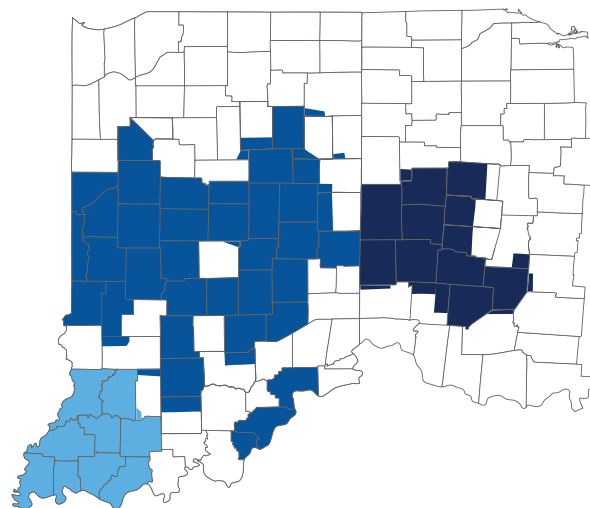

About Vectren Corporation

Overview

Vectren Corporation (NYSE: WC) is an energy holding company headquartered in Evansville, Ind. Vectren's energy delivery subsidiaries provide gas and/or electricity to more than one million customers in adjoining service territories that cover nearly two-thirds of Indiana and west central Ohio.

Vectren's nonutility subsidiaries and affiliates offer energy-related products and services to customers throughout the Midwest and Southeast. Vectren's nonutility group includes gas marketing and related services (Vectren Source and ProLiance Energy); coal production and sales (Vectren Fuels); and energy infrastructure services (Energy Systems Group and Miller Pipeline Corporation).

Vectren Corporation employs nearly 1,900 people and more than 3,700 when including Vectren's nonutility entities.

Portfolio

ELECTRIC

Vectren owns and operates two power plants, A.B. Brown and F.B. Culley, and shares ownership of a 150-megawatt unit with Alcoa to serve its native load in southwestern Indiana. The A.B. Brown facility is in Posey County, Ind., while both the F.B. Culley facility and Warrick Unit 4 are in Warrick County, Ind. Combined, Vectren's generation fleet has a production capacity of nearly 1,300 megawatts, which includes about 3 MW of power generated by Vectren-owned Blackfoot Clean Energy Facility, a landfill gas-to-electricity project at Veolia's landfill in Winslow, Ind.

Vectren provides reliable electric service to 141,000 electric customers in Dubois, Gibson, Pike, Posey, Spencer, Vanderburgh and Warrick counties.

NATURAL GAS

Vectren owns and operates nearly 22,000 miles of natural gas pipeline to serve its nearly one million natural gas customers. Vectren's three operating utilities provide reliable delivery service to to nearly 1 million customers in Indiana and Ohio.
