

Vectren Indiana New Business Natural Gas Service Request Application

Please complete this application if you are applying for new Vectren Indiana commercial or industrial natural gas service. In order to process your request, please complete all required fields (*) and mail a copy of your completed application and any necessary documentation to: **Vectren Energy Delivery of Indiana, ATTN: New Business Service Center, P.O. Box 209, Evansville, IN 47702-0209**. You may also submit your documents via fax at **1-888-287-2770** or e-mail at **newservice@vectren.com**.

If you are constructing a new building, please include a site plan, if available, with your completed application.

Need Help?

For assistance, call **1-800-990-1930** to speak with a Vectren representative.

Important!

If converting an existing structure, please contact a Vectren representative to **ensure natural gas service can be extended to your location**.

Before submitting your application, review the important information found on the last page. Please consult your **professional plumbing contractor** to ensure the information you include on this application is accurate and all required information (*) has been provided.

APPLICANT

1. Applicant

Please note: Service will be placed in the applicant's name. Service may be transferred to a new party after active service has been established.

1. Plumbing Contractor Information

Plumber Name	Plumber Phone
	()

2. Natural Gas Meter Location

Mark Preferred Vectren Natural Gas Meter Location*	
<p>In the diagram at right, please mark one of the four boxes to specify the preferred location for your new Vectren natural gas meter, and specify below the distance (in feet) to the nearest corner of the building.</p> <p>Distance of Gas Meter from Nearest Corner of Building: _____ ft.</p>	
Distance: Middle Of Street To Requested Gas Meter Location*	Additional Comments About Gas Meter Location
_____ ft.	

3. Natural Gas Service & Load Information

Please provide the gas pressure and gas equipment load details below. If you do not know this information, please consult your professional plumbing contractor. **Please note: you may submit your application without providing this information; however, it will be required prior to service installation.**

GAS PRESSURE

Elevated pressure above Vectren Standard Gas Delivery Pressure ("Vectren Standard Pressure") will need to be approved. Please consult your plumber and/or appliance dealer to confirm pressure required to operate appliances. Vectren Standard Pressure is 7" W.C. in Daviess, Dubois, Gibson, Knox, Pike, Posey, Spencer, Vanderburgh and Warrick counties; Vectren Standard Pressure is 6" W.C. in all other Indiana counties.

Gas Pressure (Select one)
<input type="checkbox"/> Vectren Standard Pressure <input type="checkbox"/> 2 psig (Pounds per Square Inch Gauge) <input type="checkbox"/> Other _____

GAS APPLIANCE DETAILS

Gas Equipment Type	Existing Or New?	# Of Units	Estimated Btu/Hr. Input	Required Operating Pressure †	Annual Hrs. Of Operation
<i>EXAMPLE: Gas Furnace</i>	<i>New</i>	<i>1</i>	<i>90,000 (Btus)</i>	<i>Standard Pressure (see † below table)</i>	<i>800 (Annual Heating Hours)</i>

† Elevated pressure above Vectren Standard Gas Delivery Pressure ("Vectren Standard Pressure") will need to be approved. Please consult your plumber and/or appliance dealer to confirm pressure required to operate appliances. Vectren Standard Pressure is 7" W.C. in Daviess, Dubois, Gibson, Knox, Pike, Posey, Spencer, Vanderburgh and Warrick counties; Vectren Standard Pressure is 6" W.C. in all other Indiana counties.

IMPORTANT INFORMATION

Please review the following information before submitting your application:

Formal Design Requirements

We will strive to have your new service installed within 20 business days of your initial request for service. If formal design is required, the lead time for installing gas facilities may be longer. Formal design is required if one or more of the following conditions are met:

- Total connected load over 550 CFH (cubic feet per hour) at standard delivery pressure (1 CFH = 1,000 BTUs)
- Total connected load over 930 CFH at 2 psig delivery pressure
- Multi metered exceeds 550 CFH
- Easement/permits required
- Any service off a high pressure line (farm taps)
- Natural gas main extension required
- Length of service over 600 feet

If a formal design is required:

Our engineering department may contact you to discuss and/or schedule a site visit meeting to discuss the location of the meter(s), the service line route, the load sheet and easements. If an easement is required, you are responsible for providing the deed to the engineer that scheduled your site visit.

Site Ready Date

The date that your site is ready determines when construction can start. The site is ready when the following criteria have been met:

- Within 6" of final grade
- Clear path for service (approximately 10' wide)
- Meter location(s) meets code and is marked
- All private facilities are located and marked
- Inspection requirements have been met (see 'Inspection Requirements' below)

Once the site is ready, allow 3 business days for locates and 10 business days for construction to be complete. Allow 3 business days for the meter(s) to be installed.

Inspection Requirements

If you are in an area that requires an inspection (see list below), you are responsible for contacting the county or city to set up the inspection. The inspector will contact Vectren when the inspection is complete. If your area does not require a county inspection, contact Vectren at 1-800-990-1930 to have a meter(s) installed once your plumber and/or electrician have completed their work. The following Indiana counties require an inspection:

- Daviess County
- Posey County
- Spencer County
- Vanderburgh County
- Warrick County

If your Requested Service Installation Date or Site Ready Date changes, please contact Vectren at 1-800-990-1930.

Facilities

Prior to service installation and/or performance of improvement request by Vectren, **You, as the property owner, are responsible for locating and marking all existing utility and septic facilities ("Facilities") at the Service Address provided above, using your state's 811 service.** Please be advised, however, that the property may contain Facilities which have not been recorded and the locations of which are not identifiable at this time. By submitting this Application, You: 1) acknowledge that You assume all risks associated with unlocatable and unmarked Facilities, even if you contacted your state's 811 service to locate and mark the Facilities; and 2) shall indemnify, defend, hold harmless and release Vectren and its respective shareholders, directors, officers, administrators, managers, employees, servants, agents successors and assigns from or against any injuries, including death, damages, fines, claims, lawsuits, penalties or expenses, including reasonable attorneys' fees, arising from Your failure to locate and mark all Facilities at the Service Address provided above. This indemnification obligation shall not apply to the extent liability is caused by the negligence or wrongdoing of Vectren.

Check Request Status Online

After we have received your application, you may check the status of your service request by completing a short online form at:
www.vectrenlivesmart.com/newservice/status.html.
