Vectren Ohio New Business Natural Gas Service Request Application

Please complete this application if you are applying for new Vectren Ohio commercial or industrial natural gas service. In order to process your request, please complete all required fields (*) and mail a copy of your completed application and any necessary documentation to: Vectren Energy Delivery of Ohio, ATTN: New Business Service Center, P.O. Box 209, Evansville, IN 47702-0209. You may also submit your documents via fax at 1-888-287-2770 or e-mail at newservice@vectren.com.

If you are constructing a new building, please include a site plan, if available, with your completed application.

Need Help?

For assistance, call 1-800-990-1930 to speak with a Vectren representative.

Important!

If converting an existing structure, please contact a Vectren representative to ensure natural gas service can be extended to your location.

Before submitting your application, review the important information found on the last page. Please consult your **professional plumbing contractor** to ensure the information you include on this application is accurate and all required information (*) has been provided.

IMPORTANT INFORMATION

Please review the following information before submitting your application:

Formal Design Requirements

We will strive to have your new service installed within 20 business days of your initial request for service. If formal design is required, the lead time for installing gas facilities may be longer. Formal design is required if one or more of the following conditions are met:

- Total connected load over 550 CFH (cubic feet per hour) at standard delivery pressure (1 CFH = 1,000 BTUs)
- Total connected load over 930 CFH at 2 psig delivery pressure
- Multi metered exceeds 550 CFH

- Easement/permits required
- Any service off a high pressure line (farm taps)
- Natural gas main extension required
- · Length of service over 300 feet

If a formal design is required:

Our engineering department may contact you to discuss and/or schedule a site visit meeting to discuss the location of the meter(s), the service line route, the load sheet and easements. If an easement is required, you are responsible for providing the deed to the engineer that scheduled your site visit.

Site Ready Date

The date that your site is ready determines when construction can start. The site is ready when the following criteria have been met:

- · Within 6" of final grade
- Clear path for service (approximately 10' wide)

- Meter location(s) meets code and is marked
- All private facilities are located and marked

Once the site is ready, allow 3 business days for locates and 10 business days for construction to be complete. Allow 3 business days for the meter(s) to be installed.

Inspection Requirements

If you are in an area that requires an inspection (see list below), you are responsible for contacting the county or city to set up the inspection. The inspector will contact Vectren when the inspection is complete. If your area does not require a county inspection, contact Vectren at 1-800-990-1930 to have a meter(s) installed once your plumber and/or electrician have completed their work. The following Ohio counties and cities require an inspection:

- Auglaize County
- Brookville
- Centerville
- Champaign County
- Clark County
- Clinton County
- City of Wilmington
- Darke County
- Dayton
- Eaton
- Englewood
- FairbornFayette County
- Germantown
- Greene County
- Highland County
- Kettering
- Logan County
- Madison County
- Miami County
- Miamisburg
- Montgomery County
- Moraine
- Oakwood
- Pickaway County
- Preble County

Shelby County

- Ross County
- Sidney
- Springboro
- Trotwood
- Vandalia
- Warren CountyWest Carrollton
- If your Requested Service Installation Date or Site Ready Date changes, please contact Vectren at 1-800-990-1930.

Facilities

Prior to service installation and/or performance of improvement request by Vectren, You, as the property owner, are responsible for locating and marking all existing utility and septic facilities ("Facilities") at the Service Address provided above, using your state's 811 service. Please be advised, however, that the property may contain Facilities which have not been recorded and the locations of which are not identifiable at this time. By submitting this Application, You: 1) acknowledge that You assume all risks associated with unlocatable and unmarked Facilities, even if you contacted your state's 811 service to locate and mark the Facilities; and 2) shall indemnify, defend, hold harmless and release Vectren and its respective shareholders, directors, officers, administrators, managers, employees, servants, agents successors and assigns from or against any injuries, including death, damages, fines, claims, lawsuits, penalties or expenses, including reasonable attorneys' fees, arising from Your failure to locate and mark all Facilities at the Service Address provided above. This indemnification obligation shall not apply to the extent liability is caused by the negligence or wrongdoing of Vectren.

Check Request Status Online

After we have received your application, you may check the status of your service request by completing a short online form at: www.vectrenlivesmart.com/newservice/status.html.
