Metering:
If Company determines that remote meter reading equipment is needed to monitor Customer’s usage more frequently than a monthly basis in order to ensure reasonable accuracy for Company’s forecast of the Peak Design Day Demand, Expected Demand, and corresponding Directed Delivery Quantity of the Pool containing such Customer, then Company shall install such remote meter reading equipment and provide the necessary interface with its meters. Customer shall be responsible for the installation and operating and maintenance costs of electric and telephone services, as specified by Company. The availability of the necessary electric and telephone service equipment must be present at Customer’s meter location prior to the installation of Company’s remote meter reading equipment. Failure by Customer to adequately install and maintain the necessary electric and telephone service will result in termination of its Gas Service under this Rate Schedule.
