   Day in Review/Feedback
Closing Remarks
WELCOME (MARK MAASSEL, IEA - FACILITATOR)
Welcome and Objective

- The process of Integrated Resource Planning is accomplished using data, forecasts and strategic assumptions, conducting analyses to formulate a preferred resource plan for each utility and defining a short-term implementation plan.
- Key components of this complex process will be addressed at a high level in this presentation.
- At the end of this session you should understand the key components of the process and how they all fit together.
- Each company may apply principles with variation but the process is consistent.
